For Immediate Release

ACUSTRIP IS AWARDED NJ STEP

Nov 12, 2020 (Denville, NJ). ACUSTRIP is proud to announce that it has been awarded a NJ State Trade Expansion Program (STEP) grant for its continued effort in expanding Acustrip's international market. Ron Schornstein, president and founder of Acustrip, announced that the grant would aid in developing markets in Europe and Asia. The grant recognizes Acustrip's role as a leading manufacturer and distributor of automotive fluid testing strips in the global market.

About Acustrip

Founded in 1987, Acustrip Company has a well-deserved reputation as the manufacturer and provider of America's best coolant test strips. Acustrip also manufactures diagnostic test strips for brake, power steering, water quality and DEF. Acustrip currently manufactures several products for OEM distribution and has been approved by major auto and equipment manufacturers.

The Acustrip name is renowned worldwide for the quality dip and read diagnostics that provides convenience and accuracy for on site evaluation of fluids. Acustrip has become the choice source of test strips by fleet managers DIYers professional service providers, and major service centers and labs around the world.
